|---|---------------------|---|--|--|
|   |                     | <p>and solutions, security architecture and engineering services and solutions, and a security operations (including penetration testing, security monitoring, incident response and forensics) services and solutions provider. Ionize also provides tailored training for technologists, software developers and security auditors.</p> <p>Website:<br/> <a href="http://ionize.com.au">http://ionize.com.au</a></p>  |  |  |
| 7 | Penten              | <p>Secure mobility services</p> <p>Website:<br/> <a href="http://www.pen10.com.au">http://www.pen10.com.au</a></p>  | <ul style="list-style-type: none"> <li>• <b>Data security &amp; mobile security</b></li> </ul> | <ul style="list-style-type: none"> <li>• <b>Matthew Wilson</b><br/>CEO</li> </ul>  |
| 8 | Red Piranha Limited | <p>Crystal Eye, Red Piranha Limited's crown jewel, is a unified threat management platform designed to be easy enough for enterprises to use and powerful enough for MSPs. Manage and monitor cyber threats from a single console, whilst enabling your organisation to meet basic information security compliance needs. Customers are only required to deal with a single vendor and a single product to achieve a complete defense-in-depth security strategy. Red Piranha's full-service information security solutions such as SIEM services through to remote consultations allow individuals or organizations to achieve the highest standard of protection. As a multi-threaded engine, the Crystal Eye IDS/IPS system offers increased speed and efficiency in network traffic analysis which is also affordable.</p> <p>Website:<br/> <a href="https://redpiranha.net/about-rp">https://redpiranha.net/about-rp</a></p> | <ul style="list-style-type: none"> <li>• <b>Managed security service provider</b></li> </ul>   | <ul style="list-style-type: none"> <li>• <b>Adam Bennet</b><br/>CEO</li> <li>• <b>Barnett Jordon</b><br/>Sales Executive</li> </ul>  |
| 9 | Salt Group          | <p>Cyber security products and services focused on device, user and transaction authentication to support electronic delivery of services with application in finance, government and corporate sectors.</p>  | <ul style="list-style-type: none"> <li>• <b>Identity and access management</b></li> </ul>      | <ul style="list-style-type: none"> <li>• <b>Ross Oakley</b><br/>CEO</li> <li>• <b>Yong Koon Lee</b><br/>Head of Business SEA</li> <li>• <b>Pedram Ghovonlou</b></li> </ul> |

| 10 | Senetas Corporation Limited | <p>Senetas develops leading encryption security solutions trusted to protect business critical and sensitive enterprise, government and defence data in more than 35 countries. From certified high-assurance encryptors for secure core IT and network infrastructure, and transport agnostic virtualized encryption for large-scale extended networks, to SureDrop the most secure file sharing application with data sovereignty control. Senetas solutions are based on the same leading crypto-agile platform. Providing maximum data protection without compromising performance and user experience, Senetas solutions protect much of the world's most sensitive data. Customers include governments, defence forces; enterprises and global Cloud, data centre and SaaS service providers.</p> <p>Website:<br/><a href="http://www.senetas.com">http://www.senetas.com</a></p> | <ul style="list-style-type: none"> <li>• Encryption</li> </ul>     | <ul style="list-style-type: none"> <li>• Mike Stephens<br/>Director International Business - Asia</li> </ul> |
| 11 | Vault Cloud                 | <p>Vault Cloud is a cloud provider who enables organisations to deliver better services through technology while ensuring the protection of personal and national security data. Vault achieves this by providing an ASD certified, secure, data sovereign, purpose-built, hyper-scale cloud which allows organisations to deploy services faster and more securely than previously thought possible. Vault's services are procured by a number of large Government agencies, including the Digital Transformation Agency, the Department of Human Services, the Department of Employment, the Department of Health, the Department of Social Services and Department of Defence.</p> <p>Website:<br/><a href="http://www.vaultsystems.com.au">http://www.vaultsystems.com.au</a></p>   | <ul style="list-style-type: none"> <li>• Cloud security</li> </ul> | <ul style="list-style-type: none"> <li>• Rupert Taylor Price<br/>CEO</li> </ul>                              |
